EX-OFFICIO:

Dr. Kevin Brown,
AHISD Superintendent

Dianne Hughes, M. Ed.
AHSF Executive Director

Bonnie Giddens,
AHISD School Board Liaison

I want to share a heartfelt THANK YOU to everyone who donated to the Alamo Heights School Foundation and, in doing so, made our 2016-2017 school year the best ever. Your generosity allowed the Foundation to give over \$847,000 to the District in the form of grants for teacher salaries, educator and Wellness Program positions, teacher grants, enriched program development and scholarships.

This money was raised in part by our most successful Greater Heights Night event to date. The evening of fun fellowship raised over \$378,500 for our children through its many ways to give, including a live and silent auction, sponsorships, tickets and a lively Mules Up! Additionally, the Annual Giving Campaign remained steadfast with the generosity of over 675 donors like you devoted to nurturing academic excellence in our school district. Our future is bright, and I have no doubt that support will continue to grow!

By way of example, the success of Greater Heights Night and our Annual Giving Campaign allowed the Foundation to support the academic success of our children in providing the following:

- At **Howard Early Childhood Center**, the Foundation provided instruments and investment in the re-engagement of Howard's music program, as well as Hatch WeePlay Smart tables for the school's special needs students;
- **Cambridge** science classes got a boost with STEMscopes as well as books to enhance its reading studies, including the school's Spanish Immersion and dual language programs;
- **Woodridge Elementary** received new incubators for studying science life cycles and funds for a special tolerance unit on diversity and justice that included a presentation from a World War II Jewish Holocaust survivor;
- The Foundation provided the **Junior School** with a specialized Yamaha piano and Fender Passport EVENT speaker system that allows students to create "in tune" harmonies and aurally compare pitches in their music. The school's science department also was given supplies to expand its specimen dissection unit;
- AHSF grants impacted many departments at the **High School** including personal solar telescopes to expand day time viewing, several enhancements to the Physics lab, continued support for the Goddard Rocket Program and new furnishings for the library to foster student engagement and collaboration.

I am proud to live in such a generous community, one that is focused on the wellbeing of all of its children to the detriment of none. I am further honored to have led such an amazing and, likewise generous, Board of Directors this school year. On behalf of the Foundation's Board, Executive Director, and its wonderful staff, 'thank you' again for all you give to help us support the academic excellence of the Alamo Heights Independent School District!

With best regards,

A handwritten signature in blue ink, appearing to read 'B. Hamilton'.

Brian Hamilton
President

Foundation Gifts of Support to AHISD

TOTAL: \$847,135

Endowed Funds

The Foundation's General Endowment was created to develop long-term financial security for AHISD in support of the District's programs. Currently, this endowment provides annual support for the Teacher for Academic Excellence in Science at the secondary level that Ron Malasky at Alamo Heights High School currently holds.

Rob Boldrick Memorial Fund was established in 1991 in memory of Rob Boldrick, a 1974 graduate, to support teachers whose study, training or program development will help students with a penchant for academic achievement and those interested in careers in science, mathematics, and language arts. The 2016–2017 Rob Boldrick Award helped fund instructor training and development.

Glenn R. and Sally P. Ramsdell Fund was established in 2007 to fund a teaching position in English at the high school. The position of the Glenn R. and Sally P. Ramsdell Memorial Chair in English is filled with a highly creative, enthusiastic educator whose primary task is to nurture excitement among students for literary pursuits. Laura Davenport at Alamo Heights High School currently holds this position.

Faye Langley Cowden Chair for Elementary Education was established in 1994. Mrs. Cowden, a 1930 graduate of Alamo Heights and former teacher, established the endowment as a commitment to continued excellence in AHISD elementary schools. Amy Soupiset at Woodridge Elementary currently holds this position.

The AHISD Wellness Program, established in 2009, is solely funded through Foundation gifts in support of providing a trained professional to coordinate a program focused on the social and emotional issues of students across all AHISD schools. Catherine Widder, LCSW, has joined AHISD as the new Wellness Coordinator.

The Caroline Gose Fund was established in memory of Caroline Gose to support a joint student-faculty project benefiting the High School and the Alamo Heights community in the areas of journalism, theater or community service. Recipients included: Interact Club's Trip to the North Pole

benefiting terminally ill children; and Chain Reaction inspiring students to have a positive attitude, model impeccable character and promote anti-bullying awareness. A new program added this year was Run, Walk or Roll into Inclusion (5K race)—this was a mixed team of students comprised of students with and without special needs.

The Graham Ladensohn Memorial Lecture Series was established in 1991, in memory of Graham Ladensohn, who loved his teachers. The Graham Ladensohn Memorial Lecture Series brings inspirational and educational speakers to the Alamo Heights Independent School District for faculty and the community. Brigadier General Joe Ramirez of Houston and a graduate of Texas A&M University, was to be the featured speaker but it was canceled due to the tornado/high winds that did so much damage within the community.

The Martha Spoor Young Writers Fund was established in honor of Martha Spoor, a 1987 graduate of AHHS and an English teacher for 14 years at Alamo Heights Junior School. Her goal was to instill in young people the ability to express themselves in their writing through the use of critical thinking and creativity. The fund supports a summer writing workshop for 7th and 8th graders in the district led by Laura Van Prooyen.

The Charles Urschel Guenther Theater Arts Fund was established in 2008 in memory of Charles Guenther, a 1983 graduate who loved providing technical assistance for AHHS dramatic productions. This year the funds went to pay for production license fees, costumes, sets and props for the production of *The Music Man*.

The Ida M. Kennedy Fund was established in memory of Mrs. Kennedy, a math teacher at Alamo Heights Junior School. She is remembered for her ability to inspire her students, individualize her curriculum, and encourage academic excellence. She provided additional leadership by sponsoring the National Junior Honor Society. An annual grant from this fund provides equipment, materials or training in support of the AHJS math department.

The Johnnie Eng Fund for Teaching Excellence was established at his retirement in 2003 to honor the impact of

2016–2017 Scholarships

The Bob Ware Memorial Scholarship was established in 1975 to award scholarships to AHISD seniors whose achievements are above expectations and are involved in extra-curricular activities at AHHS.

2017 Recipient: Robert Stevens

The Oma E. Vordenbaum Scholarship was established in 1977 for AHHS graduating seniors who seek higher education. Recipients exemplify many of the qualities that Mrs. Vordenbaum modeled and valued in others, including intellectual curiosity, a love of learning, perseverance and purposefulness, sincerity, trustworthiness, unselfishness, neatness in work and appearance, and respect for others.

**2017 Recipients: Ameera Billings
& Brock Druckers**

The Fortitude Scholarship: Claudeth Garcia

The W. W. and Anna May Campbell Scholarship was established in 1985 to provide scholarships for AHHS graduates who plan to attend state or other publicly supported schools and who are sophomores or above in class standing. Recipients of the Campbell Scholarships are selected based on scholastic ability and financial need.

2017 Recipients: Averie Bartlett, Abigail Gay, Austin Gay, Mitchell Katona, Isabella Martinez, Malinda Prystash, Megan Spalten, Colin Sturrock, Levi Valadez

Mr. Eng on the lives of his students and colleagues. As a result of the Johnnie Eng Fund, training for 2016–2017 included teacher attendance to the American Association of Teachers of French (AATF) Conference; the Texas Association for Gifted and Talented Conference; participation for 6 teachers to the SXSW Education Conference; summer workshop at the Southwest School of Art for art department; and instructional development for the AHHS math department.

The Paul A. Foerster Math Fund was established in 2011 in support of Paul Foerster's 50 years of teaching at Alamo Heights High School. These funds support secondary level math teachers for professional development, memberships, speakers, training and release time for mentoring.

The Shine Bright Fund was established in 2011 in memory of Sarah Chidgey Hughes, an elementary school teacher, and in honor of her mother, Denise Chidgey, who taught for over 30 years at Woodridge. This year the fund supported summer school enrichment opportunities for students attending summer school to help hone and enrich their learning and social skills. This was the last year of funding for Shine Bright.

The Reid Hallman Kelley Memorial Fund was established in 2014 in memory of Reid Hallman Kelley, a seventh grader at Alamo Heights Junior School. Reid, a bright and dedicated student, had a particular interest in science and technology, and aspired to someday study engineering. The Reid Kelley grant funded Labquest Streams that allowed the use of probes to collect and send data wirelessly. Students worked independently but were able to share the data collected with other students in a collaborative learning environment.

Grants to Educators

\$150,000

Howard

- The engaging early music classroom in the 21st century 1 of 2
- Kinesthetic and audio enhancement
- The engaging early music classroom in the 21st century 2 of 2

Cambridge

- Outdoor kids club (after school gardening/running program)
- Another dimension – tying math to real world experiences
- STEMscopes Texas: science accelerated learning
- Learning through games
- Science supplies for engagement
- Powerful reading with playaways
- Books mirandus
- Leer es poder! (Reading is power)

Woodridge

- Leyendo en Español
- Science and literacy: a partnership in science discovery!
- Learning to read with confidence: start to finish
- Look who's quacking
- Teaching tolerance-diversity, equity, and justice
- Tolerance Unit
- Supplementing music curriculum
- It's easier being green

Junior School

- Harmonious!: building an aural foundation for the young string player
- Sound projection: the need for aural models in music based instruction
- Specimen project
- Science equipment project
- ESL reading smart
- Library learning lounge
- Year 2 – listening to learn
- STEM: for schools, community and beyond
- Revealing historical truths with costumes
- Jumpstart journalism class round 2

High School

- Going native! Authentic Spanish literature
- Anatomy in clay
- Mules on Broadway
- 2016–2017 Goddard high altitude rocket
- Smartphone microscopy
- Beyond the naked eye
- Astronomy observations
- Zebrafish genetics and genomics experimentation
- Electricity laboratory improvement and material testing platform

Combined Campus Grants

- Caring School Communities: Building Relations, Motivation & Achievement through Class Meetings (Cambridge)
- Caring School Communities: Building Relations, Motivation & Achievement through Class Meetings (Woodridge)
- Problem solving exemplars
- We do DI! (Destination Imagination)

More than a third of the Grants
to Educators (\$53,000) targeted
SCIENCES AND STEM related studies
at every campus.
